

UPSTAIRS @ THE NIC

Upstairs @ the Nic is focused on sourcing produce as locally as possible, building relationships with local growers and business to promote seasonal and sustainable dining.

The menu has been constructed with the locals and regulars in mind, and whilst it is shorter than the average menu, 2-3 items will change on a fortnightly basis, allowing the restaurant to utilise produce when it is in the peak of its season.

The layout of the menu gives the diner the opportunity to enjoy a traditional dining experience of Entrée, Main and Dessert. Alternatively, a contemporary dining experience is offered where multiple dishes may be shared, for those who wish to explore the menu in depth.
